

STUDIES

- 1999 Helsinki University of Technology, Architect MA. Specialization in architectural glass. Final thesis on the History of Finnish Architectural Glass.
- 1997 Study trip to Goddard & Gibbs Studio (London)
- 1998 Work experience at Canterbury Cathedral glass studio, under Professor Sebastian Strobl.

WORK

- 1999 I have worked in my own glass company since 1999.
- I design and make glass jewellery, glass sculptures and stained glass windows. My works are permanently exhibited in my own crafts galleries Jonk and Okra, in Helsinki, Finland as well as several in crafts shops around Finland. My main export areas are England, France and Japan.
- I also write articles for crafts magazines.

TEACHING EXPERIENCE

- 2010 I have taught glass fusing and metal clay classes at the Institutes for Adult Education in Helsinki and Espoo since 2010. I have also lectured on the history of architectural glass in Finland.
- 2010 I have taught stained glass conservation at the Metropolia University of Applied Sciences.
